

# MOB IN NEW YORK

Race War Begun Over the Killing of a Policeman By a Negro.

OVER A THOUSAND PEOPLE IN IT

White Men Start in to Drive the Negroes Out of the City Regardless of Age or Sex.

It Took Over Four Hundred Policemen to Quell the Disturbance—Scores of People were Injured, Some Seriously.

New York, Aug. 16.—A mob of several hundred persons formed at 11 o'clock Wednesday night in front of the home of Policeman Robert J. Thorpe, Thirty-seventh street and Ninth avenue, to wreak vengeance upon the Negroes of that neighborhood because one of their race had caused the policeman's death. Thorpe was stabbed and bruised last Sunday night by several Negroes while he was attempting to arrest a colored woman. The man who inflicted most of the injuries is said to be Arthur Harris, a Negro, who came here several weeks ago from Washington.

In a few moments the mob swelled to 1,200 people or more and as they became violent the Negroes fled in terror into any hiding place they could find. The police reserves from four stations, numbering 400 in all, were called out.

The mob of white men, which grew with great rapidity, raged through the district, and Negroes, regardless of age or sex, were indiscriminately attacked. Scores were injured. It took the combined efforts of the reserves with as many more policemen on regular patrol duty in the four precincts to restore order. Clubs were used until the policemen were almost exhausted. Revolvers were emptied into the air and in one or two instances fired at the upper stories of the Negro tenements from which the Negroes defensively fired bricks, paving stones and other missiles.

The disturbance grew out of the death of Policeman Robert J. Thorpe, of the West 37th station, as the result of a murderous assault by a Negro early Sunday in Eighth avenue and 41st street. Thorpe was attempting to arrest a Negro when Arthur Harris and another Negro attacked the policeman with razors. He died the following day. The policeman's death aroused the white residents of the district, included from 20th to 42d street, and from Eighth to Sixth avenues. Open threats against the Negroes were made and the blacks replied in kind. While not condoning the offense of Harris they insisted that he was only one man and that the race ought not to be blamed for his action.

The policeman's body was brought to his home Wednesday night in Ninth avenue between 36th and 37th streets. At once the house became a sort of shrine and from all over the vicinity men and women came to pay their respects. Many carried handsome floral offerings. As night grew on feeling against the Negroes seemed to grow. The fact that many saloons roundabout were crowded had its influence doubtless on the rising tide of anger. A few minutes before 11 o'clock an Irish woman under the influence of drink set up a howl and began to recite the virtues of the dead policeman. She said the Negroes ought to be killed. Just then a young Negro walked by. The white men made a rush for him and he was quickly surrounded. He was beaten and kicked and was rescued with great difficulty. If there had been a carefully arranged plot and this had been the agreed signal the outbreak could not have been more spontaneous. Men and women poured by the hundreds from the neighboring tenements. Negroes were set upon wherever they were found and brutally beaten. The blacks at first offered resistance but they were soon outnumbered that they fled without delay.

For the next hour the streets were filled with a rioting, surging mob. It was a scene of very much the same order as took place a few days ago in New Orleans. The shouting of men, the shrieking of women, the lamentations of the children, the shooting of revolvers, crashing of windows and all made a perfect pandemonium. Finally the 400 policemen succeeded in quelling the mob and restoring order.

## ANTI-IMPERIALISTIC LEAGUE.

First Day's Session Rather a Disappointment as to the Attendance of Delegates.

Indianapolis, Ind., Aug. 16.—The first day's session of the liberty congress of the National Anti-Imperialistic league was somewhat disappointing so far as the attendance of delegates was concerned. About 300 accredited delegates were present, but more are promised. In spite of the small attendance the speeches of Edwin Burritt Smith, the temporary chairman, and George S. Boutwell, the permanent president, brought forth much enthusiasm.

The public meeting in the evening was much better attended. Addresses were delivered by Moorfield Storey of Boston, Sigmund Zeisler, of Chicago, Rev. Herbert S. Bigelow, of Cincinnati, and Capt. Patrick O'Ferrall, of Washington.

## TEN AND FOUR YEARS.

Illinois Central Train Robbers Plead Guilty and Are Sentenced to Imprisonment.

Wickliffe, Ky., Aug. 16.—The Ballard county grand jury Wednesday returned an indictment against Chas. W. Barnes and R. Mike Doyle, alias Connelly, charging them with robbery of the Illinois Central express train near here some weeks ago. Barnes went before the court, pleaded guilty and asked for mercy at the hands of the 12 jurors. In his short talk to the court he referred to his age, which is just 21, and to his wife. The lawyers for the prosecution made a brief argument and the case was given to the jury within one hour from the times Barnes entered the court room. The jury retired to their room for deliberation and in a few moments brought out a verdict fixing his punishment at ten years in the state prison.

Doyle's case came up the first thing in the afternoon and was quickly disposed of. His lawyers made a short speech, reciting the fact that he was the first to confess and furnish information which led to the arrest and conviction of Barnes. The commonwealth made no argument and the jury reached a verdict in his case as quickly as in Barnes', giving him four years in the penitentiary.

# PEKING REACHED

The Allies Are Reported to Have Arrived at That City on Monday.

NEWS CONFIRMED BUT NO DETAILS

Extreme Anxiety Exists Among Washington Officials as to What the Next News Will Be.

Messages Received From Minister Conger Do Not Indicate That He Has Received Any of the Dispatches Sent to Him.

London, Aug. 16.—"The allies are reported to have reached Peking Monday," says the Shanghai correspondent of the Daily Express. He adds: "Chinese official news confirms this statement, but without details."

A Paris message repeats this, but the statement, especially as it emanated from Shanghai, must be accepted with considerable reserve.

Other London morning papers, basing their remarks upon Washington dispatches which, with the exception of the foregoing from Shanghai, form the latest news regarding the advance, are divided in opinion, some believing that the allies must have already reached Peking and others preferring to believe that the relief will not be accomplished until the end of the week.

Telegraphing from Yang-Tsun August 6, a Daily News correspondent says: "Sir Alfred Caselle hopes to keep the enemy running and follow him right into Peking."

Ngan Ping was occupied without

matron as to the military and diplomatic phases.

One of the new developments was the statement that messages are being received from Minister Conger which are not being transmitted through any of our officials in China, or through the Chinese minister here but directly at the state department. These messages come by the way of Tsi-Nan. Some of them can not be fully deciphered, and for this reason the statement can not be definitely made that the dispatches sent by the government to Minister Conger are received by him. So far as the messages have been deciphered there is no indication that Minister Conger received any information or dispatches from our state department.

Nothing could be learned of the contents of the dispatches received although it was stated that there were quite a number from Minister Conger, some coming from the consular officers and Gen. Chaffee, besides those which came direct. The message transmitted through Minister Wu was entirely deciphered in the department.

During the course of a conversation between Secretary Root and Baron Speck Von Sternberg, the German charge d'affaires, Mr. Root gained considerable information regarding the route which has yet to be traversed by the allied armies. Baron Sternberg told him that Tung-Chow was a very strong place and if the Chinese army should make a stand at this point the international forces would find it quite difficult to overcome the forts and walls. While it is not known what resistance may have been or will be made to the advance at Tung-Chow, Secretary Root and other officials would not be surprised to learn of a very serious battle at that place. It is expected that the German force now on its way to China will land in the vicinity of Lin-Yu, which is directly east of Peking. The advantages of this point are

firing a shot, according to a dispatch to the Daily Express from that place dated August 11. "It is believed," the message adds, that Gens. Tung Fuh Siang, Ma and Chung are intrinsing, 40,000 strong, at Tung Chau. The allies may avoid Tung Chau, pursuing the route northwest from Chang Kai Wan."

Tung Chau appears to be about 12 miles from Peking.

A dispatch to the same paper from Shanghai says that the officials profess to be willing to hand over the foreign ministers, their families and servants but will not permit the departure of native Christians.

"The Russian government," continues the telegram, "has notified Li Hung Chang of its willingness to receive M. Degiers outside the walls of Peking, thus avoiding the entrance of the Russian force. This independent action is calculated to embarrass the allies seriously. Japan demands that Gen. Yung Lu shall meet the allies outside the city gates and deliver the ministers and all the native Christians."

The Chinese minister in London, Sie Chih Chen Lo Feng Lu, is quoted as saying: "The powers must not press too hard on Peking. If you defeat the Chinese soldiers it would not be possible to control the soldiery. They may turn and rend the legations. I do not believe the legation food supply will be stopped as long as the powers refrain from attacking Peking and negotiate for the surrender of the ministers."

## ANXIETY IN WASHINGTON.

Important News Expected at Any Moment By the Officials at the Capital.

Washington, Aug. 16.—The tension on the Chinese situation is intense, for it is appreciated by officials that the crisis has reached an acute stage which can not be continued many hours without bringing word of momentous import determining either for good or evil the entire course of events. It is a day of extremist anxiety, of watching and waiting, with only meager and fragmentary information as to the military and diplomatic phases.
